NATURAL HEALTH FROM THE ALOE AND THE BEEHIVE

HURRAY! Summer has arrived. Mind you, it might be raining by the time you read this. Yes, I know. Not everyone likes hot, sunny weather, and the Forever range of products can help you whether you enjoy the sunshine or not. For protecting your skin, or soothing it after the sunshine, insects or other hazards of being outdoors; the Sunscreen, Lotions and Aloe Gelly can all help. And with the Sunless Tanning Lotion, you can always pretend you've been in the sun while staying cool indoors. • HALF of Forever's \$2.5 billion worldwide sales (now in 147 countries) is of the Aloe Vera drinks. Maybe Aloe Vera doesn't taste great! But I, and many of Forever's customers, wouldn't be without it. Drinking it, with its over 75 nutrients, helps you feel just great.

Happy Holiday

Holidays are all about enjoyment, and Forever believes the best way to guarantee this is to ensure the whole family feel healthy and full of vitality. Their selection of high quality products help maintain a healthy lifestyle whether at home or away during the holiday season.

Forever's Aloe Vera drinks are packed full of nutrients to provide vitamins, minerals, amino acids and antioxidants, ensuring a feeling of vitality. The additional choices of Forever Aloe2Go and Forever Freedom2Go are ideal for travelling as they do not need refrigeration and are in convenient, easy-to-open single-serving sachets; which means the whole family can concentrate on having fun.

Supplements

Forever's supplement range is made from the finest quality ingredients, grown and collected from the best sources and produced using the most advanced technology.

On holiday, whether eating in restaurants, at the hotel, or a quick snack on the go, there is no guarantee a regular balanced diet will be available. Therefore, it makes sense to make use of some good quality supplements; Forever's range can provide the nutrients that may be lacking while away, helping you to maintain your body's defences throughout your holiday.

BENEFITS OF ALOE

ALOE VERA GEL is probably best described as a liquid dietary food. It contains over 75 different natural nutrients that are beneficial to our bodies. There are so many nutrients in Aloe Vera Gel that one thing is certain – it has a profoundly positive influence on the health and lifestyle of many people (and animals, too!). Forever's 100% stabilised Aloe Vera Gel is preferred by those looking to maintain a healthy digestive system and high energy levels.

Unique Stabilisation Process

OK, so that may not sound wonderful, but it really is a fantastic 'Unique Selling Point' (USP to those in the know). Forever is the only company that can claim to keep the aloe as fresh as when it was picked (by hand, of course) for you to use straight from the bottle or tube. It hasn't been boiled, pasteurised, filtered or anything else that would diminish the benefits of aloe to you. For this reason, Forever was the first company to be given the prestigious Aloe Science Council Award. This is just one of the many recognitions of purity and quality that Forever holds.

Wonderful Taste!

Perhaps it isn't sold on flavour, but that isn't the reason so many people drink Aloe Vera. But you can mix it with fruit juice if that helps! And Forever has the **Pomesteen Power**, a super antioxidant containing pomegranates and mangosteens, two of the most potent fruits found in nature, and you can always mix some in with your Aloe Vera Gel – it actually tastes great!

Also, you might like to try one of the flavoured varieties: Aloe Berry Nectar (with apple and cranberry), Bits 'n' Peaches (with natural peach flavour), and Forever Freedom (a citrus flavour, a bit like orange).

Whichever you choose, you will be drinking the very best source of naturally occurring nutrients you can buy; and it has a 60-day full money back guarantee if you don't agree! What have you got to lose?
