Sonya

OUR NEW SKINCARE COLLECTION

Sonya is the essence of more than just beauty. It is a result of breakthrough anti-ageing technology using superior and unique state-of-the-art ingredients, including Aloe Vera, Fruit Extracts, White Tea (Camellia Sinensis Leaf Extract), Vitamin E, Mimosa Bark Extract and Hyaluronic Acid, which combine to help rejuvenate and moisturise your skin like never before.

The Skincare Collection contains five fundamental elements for cleansing, exfoliating and moisturising: Aloe Purifying Cleanser, Aloe Deep Cleansing Exfoliator, Aloe Refreshing Toner, Aloe Nourishing Serum, and Aloe Balancing Cream (see right). They work together to maintain overall skin health and appearance.

Rex Maughan said, "The Skincare Collection is a unique, high quality, daily regime that will help your skin to combat the rigours of our daily lives."

Testimony

Hair Again

I seem to be being inundated with people re-growing their hair! From eyebrows re-growing that had been removed years ago with electrolysis to several cases of alopecia from among my own team and customers. I would seriously recommend anyone suffering from unwanted hair loss to try drinking the **Aloe Gel** and applying the **Aloe Gelly**. It might just work!

Dog Bite

Yesterday (April 24th) I discovered an unexpected dog the other side of a letter box. Deep bite (six incisions) to my right index finger. Blood dripping all over the road back to my car. Nearly an hour in the medical centre. I soon removed their dressing and applied **Aloe Gelly**. I also took **Echinacea**, **Bee Propolis** and (of course!) **Aloe Gel** to ward off any infection. Today (April 25th) I have removed the dressing, I am just applying Gelly from time to time, but I have no pain, only a little swelling and stiffness, and I can type!
