

Forever Aloe2Go

Description and Purpose

With all the benefits of Aloe Vera Gel and the sweet, nutritious taste of Forever Pomesteen Power which contains pomegranate, pear, mangosteen, raspberry, blackberry, blueberry and grapeseed extract – Forever has taken the best of both drinks and combined them into a single-portion, in a convenient foil pouch.

Forever Aloe2Go is ready to drink anytime, anywhere – on holiday or weekends away, at your desk, in the car, in lunch boxes, or on the go. Take a pouch, tear at the notch and enjoy the tasty benefits of these two nutritious drinks.

Forever Aloe2Go can give you the great-tasting energy boost you need by supporting your body with complex carbohydrates. By combining the refreshingly sweet flavour of the mangosteen (dubbed the 'Queen of Fruits' for its exquisite taste) and Aloe Vera Gel, we have created the ultimate antioxidant cocktail.

The pomegranate has more antioxidants than blueberries, green tea or red wine. The mangosteen fruit has the highest content of xanthenes found in any fruit. Some studies have shown that xanthenes are even better than vitamins C and E for maintaining the body's immune system.
