Hints and Tips

For Full Lips

Using softer, sheer colours with a lip liner can tone down full lips.

- **Step One** Draw a line on the inside of your natural lip line using Sonya Lip Pencils.
- **Step Two** Apply Sonya Lip Gloss to the middle of your lips, then blend the colour out to the edges.

For Thin Lips

Shape to look fuller by using richer, sheer lipstick colours and gloss.

- **Step One** Using a Sonya Lip Pencil, draw above your natural lip line extending to outer rim of natural highlight. This will retain the natural shape of your lips.
- **Step Two** Apply Sonya Lip Gloss to the middle of your lips, then blend the colour out to the edges.
