

# Forever Vision

## Description and Purpose

Our sight is a precious sense - one that we should not take for granted. While we may supplement our diets with nutrients to enhance our overall wellbeing, we tend to forget the need to look after our eyesight as an important part of a healthy lifestyle.

Forever Vision is a dietary supplement containing bilberry, lutein and zeaxanthin with super-antioxidants and other nutrients. Bilberry, a popular traditional herb, can support normal eyesight and improve circulation to the eyes. Lutein, a common carotenoid found in many vegetables and fruits, can help protect the retina. Zeaxanthin and astaxanthin are other carotenoids that are important to the eye's macular health.

With just two tablets per day, Forever Vision is an easy way to take care of your eyesight.

### At a glance...

- Provides bilberry, lutein, zeaxanthin and astaxanthin
- Can support normal healthy eyesight
- Improves circulation to the eyes
